What is dressage?

Dressage is one of the three Olympic equestrian sports, as well as the equestrian discipline competed at the Paralympic Games. Like all equestrian disciplines, dressage is a gender-neutral sport with men and women competing against each other equally.

Deriving from the French word for “training,” the object of dressage is the development of the horse into a happy athlete through harmonious education. As a result, it makes the horse calm, supple, loose, and flexible, but also confident, attentive, and keen, thus achieving perfect understanding with the rider. In competition, dressage horses and riders perform a series of compulsory movements in a pre-set pattern. The exception is the freestyle, which is a special program where riders are able to exhibit their personal style and artistry by choreographing required elements to the choice of music they feel is best suited to their horse.

Equestrian Canada/FEI

Be a part of Canada's largest dressage show! The Ottawa Dressage Festival is a successful national and international event that is a firm favourite for many dressage and paradressage riders on the circuit. Presented by National Capital Dressage Inc. and organized by volunteers since 2003, the Ottawa Dressage Festival is located at Wesley Clover Parks, one of the premier equestrian facilities in North America.

Each year, over 200 riders from far and wide come to compete over 4 days. We are proud to present a Pony Cup, as well as a Rising Stars program to support the development of our future stars. In 2025, elite youth riders will be competing to qualify for the 2025 North American Youth Championships.

The Ottawa Dressage Festival plays host to over 500 spectators each day. The Festival is a popular destination for both competitors and spectators due to the high level competition, festival atmosphere, and great shopping opportunities. We strive to attract a wide selection of vendors to spoil shoppers for choice! Visitors know they can expect the latest and greatest for horse and rider, as well as a selection of quality food vendors.

What is the jog?

At all international shows, the jog is part of the FEI Horse Inspection. The purpose of this check is to ensure the horse is sound and fit to compete. All riders jog their horses before a panel of judges and veterinarians to show their readiness for competition.

Riders want to make sure they give a great first impression to the judges and the jog is the time to do this. The Best Dressed award has become a fun and popular competition as riders ditch their riding breeches to showcase their style!
